Mr. E. P. Lovejoy, a large dealer in general merchandise, and editor of the Wabuska Mangler, at Wabuska, Nevada says: "I have tried St. Patrick's Pills and can truthfully say they are the best I have ever taken or known used." As a pleasant physic for disorders of the liver they will always give perfect satisfaction. For sale by G. C. Thaxter.

Change is one of the irresistible laws of nature, and fortunately the change is almost invariably for the better. As an instance of this, St. Patrick's Pills are fast taking the place of the old harsh and violent cathartics, because they are milder and produce a pleasant effect, besides they are much more beneficial in removing morbid matter from the system and preventague and other malarious diseases. As a cathartic and liver pill they are almost perfect. For sale by Geo. C. Thaxter.

How Can Parents

allow their children to cough and strain and cough and strain say: "Oh! it's only a little cold," and keep giving them cheap and dangerous medicines, until they are down with lung fever or consumption, when they can be so easily relieved by BEGG'S' CHERRY COUGH SYRUP? It has no superior and few equals. W. H. Chedic, Druggist.

Cough! and Cough!! and Cough!!!

What in the world is the reason you will cough and keep coughing and still keep trying inferior medicines when BEGG'S' CHERRY COUGH SYRUP will positively relieve your cough at once? This is no advertising scheme, but an actual fact, and we guarantee it. W. H. Chedic, Druggist.

Governor Hill, in his speech at the dedication of the Pulitzer building in New York, on Thursday, related a story of Samuel J. Tilden. "The Sage of Greystone," said he, "appreciating the influence of the public press, once, many years ago, whispered into the ear of a young ambitious lawyer just upon entering an active political life this suggestive and admirable advice: 'Young man, get the newspapers to talk about you. Get them to talk in your favor if you can—if not, get them to talk against you. Do not be ignored.'"

What on Earth

Is the reason people will not, cannot, or do not see any difference in cheap nos trims put up by Cheap John houses or irresponsible parties at enormous profits, rather than take a medicine of world wide reputation and one that is giving universal satisfaction at equal price? No medicine in the world is giving such unparalleled satisfaction for purifying the blood as BEGG'S' BLOOD PURIFIER & BLOOD MAKER, and every bottle that does not do its work, will cost you nothing. AN OFFICIAL ORGAN.

The U. S. Government Comes back to Us.

Some weeks ago a terrible piece of information reached the APPEAL office to the effect that it would no longer be allowed to do official advertising for the State—at least not while the present Examiner Board of the State are in office, which we take to mean, shuts this sheet off for \$60 worth of advertising a year until the first of January, 1891.

Right on the heels of that we learned that an evening paper published in this city had been selected by the United States Government as its official organ.

It really began to look as if the National Government had joined hands with tyrannical State Government to sit down on us.

But the United States Government has relented, and yesterday sent us an advertisement for bids to complete the approaches to the U. S. Postoffice Building in this city. It will be found on our editorial page.

We knew all the while that the damned old Government would come back to us and beg for a chance to reach the people through our advertising columns. Whenever the U. S. Government wants to reach the masses it knows by experience where to come. It will inevitably migrate in the direction of this journal.

Several times it has tried its luck with other journals with unsatisfactory results, and invariably came back to us, its first and only love.

Although the last advertising we did for it is still unpaid for, we are still willing to give it more credit, and even if it never pays a cent—which is just exactly the size of it—we will still run its announcements, for anybody should help the old Government along whenever he gets a show.

We respectfully call the attention of all journals in Nevada who are claiming to be the "official organ of the United States Government," to take down their announcements, lest they be ranked among the deceivers of the people.

The Way They do It.

Whenever the Little Puck troupe strike a town, two or three of the company proceed at once to the proper authorities and swear out a warrant against Harry Courtain, charging him with assault and battery, libel, conspiracy, embezzlement, threats to kill and embezzlement.

This results in his being put in jail until evening and they withdraw the charges and Harry goes on the stage, as sober as a judge and as bright as a Carson Mint dollar, entrancing and delighting his audience. This is the only way the manager can make a sure thing of having the talented actor ready for business when the call boy drops in on him.

Ray Foster.

It has now turned out that Miss Ray Foster was not abducted, but left her room and went to a Home for fallen women of her own account where she now remains and is being kindly cared for. She has decided to lead a new life and states that she was driven to desperation by threatening letters received from this city.

Little Puck.

Little Puck was played last evening to a good house. It is a very pleasing entertainment all through and is filled with healthy fun. The ladies were very good. Harry Courtain was warmly welcomed by old friends.

Woodburn.

The Sacramento Bee is authority for the statement that Congressman Woodburn, of Nevada, intends to remove to Vallejo, Cal., and engage in the practice of law.

The Carson APPEAL says the State University has never amounted to anything since it has been located in Reno. Of course not. Its tide of prosperity and usefulness commenced to ebb on the day of its removal from Elko. By the by, what's the matter with removing it to Carson? Would that educational center be willing to pay Reno for what it attempted to crib from Elko?—Elko Independent.

Weather indications; local rains, nearly stationary temperature.

COAST ITEMS.

The two-year-old child lost at Sebastapol last Sunday has not been found.

Little Julia Weyss, who as abducted in Los Angeles, has been returned to her mother.

Joseph Ringland, a miner near Ketchikan, Idaho, had both eyes put out by a premature blast.

The dead body found near Antelope Tuesday morning has been identified as that of Frank Becker, a native of San Francisco, aged 16 years.

A highwayman arrested at Port Townsend Saturday, and who gave his name as Jim Smith, has been recognized as the step son of a Hardware merchant at Woodland, Wash.

The people of Oroville are talking of giving a bonus of \$100,000 to the Big Bend Company whenever they will bring the water from the mountains upon the fruit lands near town.

How We Treated Butler.

General B. F. Butler says he proposes to write a complete history of public affairs in which he has been concerned, in which he proposes to do justice to his friends and enemies, and particularly the latter.

The editor of the APPEAL wants Butler to understand that we have always had the kindest feeling for him.

We nominated him twice for the Presidency when offered big money to nominate Dr. Walker. This paper has always spoken of him without the slightest allusion to spoons or squint eyes.

We hope Ben will make things pleasant for us in his new book.

A Fine Horse Sold.

Messrs. Martin and Drake of Provo City, Utah, sold the handsome Suffolk Punch stallion, Prince Jack No. 1626 to the Boyd Bros. of Carson Valley. Price paid was \$2,700. This is without doubt the finest specimen of a draft horse ever brought to the State, and Messrs. Boyd deserve much credit for their good judgement in making a selection and also for the interest they manifest in improving the horse stock of this State. They should be well patronized.

A Choulish Banquet.

At a recent banquet of the Oregon Undertaker's Association the President's chair was confronted by a 50-pound fruit cake moulded like a black casket. The menu cards were decorated coffins, skull and crossbones, etc.

Southern Pacific Traffic.

The Southern Pacific Company's freight business last month shows an increase of \$235,800 over that of September 1888, and the passenger receipts exceed those of the same month last year \$52,769. The gross earnings of the company in September, 1889 foot up \$1,083,994.
